

IANUS SIMULATION GMBH

Who we are - technical and content-related reference to climate adaptation

IANUS Simulation GmbH supports medium-sized companies, insurers, certification bodies, cities and local authorities with detailed 3D simulations through to the implementation of optimised protective measures.

What we offer - solutions for climate adaptation and climate resilience

The company offers precise 2D and 3D simulations that enable flood risks to be identified at an early stage and targeted measures to be taken to minimise damage and financial losses and increase safety and resilience to future events.
