

LANUK NRW

FACHZENTRUM KLIMA

Who we are - technical and content-related reference to climate adaptation

The LANUK NRW – Fachzentrum Klima is a public institution that provides various data in the context of climate impact adaptation and supports the networking of various climate adaptation stakeholders in NRW.

What we offer - solutions for climate adaptation and climate resilience

The centre of expertise provides data on climate change and climate adaptation in the climate atlas, for example. It also supports local authorities by providing advice on the implementation and promotion of climate adaptation measures.
